MEMORANDUM FOR: Comptroller

FROM: William F. Donnelly
Deputy Director for AdministrationSUBJECT: Submission of Data Required by
OMB Bulletin 85-13 REFERENCE: A. COMPT 86-968, dtd 9 July 1986, Same Subject
B. NSA Cable S02-0015-86, dtd 19 June 1986,
Subj: Request for FY86-92 Telecommuni-
cations Security Equipment Requirements.

1. Attached is the requested update of Exhibit 3, OMB Bulletin 85-13, Security of Classified Information Telecommunications Security Resources. It represents the collective input from the Offices of Communications, Information Technology and Development and Engineering. This submission, unlike the previous submission in FY85, addresses only communications security (COMSEC) equipment and does not include ancillary equipment or new secure/data switches. This change was in response to the Preference B tasking and was confirmed telephonically with the National Security Agency (NSA) point of contact, i.e., NSA is interested in obtaining anticipated funding information for COMSEC equipment and related installation and maintenance cost only. Based on discussions with the Deputy Comptroller, the submission does not reflect the Central Intelligence Agency 1987 Congressional Budget figures, as requested in Reference A, as the required information is not currently available. The Deputy Comptroller advised Communications Security Division, Office of Communications, that his staff will review the submission and make adjustments as necessary. It should be pointed out that NSA has agreed to extend the deadline for Agency submission of this data from 27 June to 31 July 1986.

MEMORANDUM FOR: Deputy Director for Administration

FROM: Daniel A. Childs, Jr.
Comptroller

SUBJECT: Submission of Data Required by OMB Bulletin 85-13

Br: -

1. NSA has tasked us for an update of Exhibit 3, OMB Bulletin 85-13, Security of Classified Information Telecommunications-Security Resources (see attachments A and B). The updated submission requires data for FY 1986-1992.

25X1 The 1987 data should agree with our 1987 Congressional Budget submission.

2. NSA's tasking cable was inadvertently sent to OC, so that office is already at work on the request. We would appreciate the revised report by 14 July 1986 so that it can be forwarded to NSA. We appreciate your cooperation in obtaining this information.
